

## CCA (Co-Curricular Activities)

HWA offers a variety of Co-Curricular Activities focusing on sports, environment, the arts, recreational activities and languages. The CCA provides opportunities and experiences that facilitate growth and personal development in each and every student.

Co-Curricular offerings include Football, Wushu, Green Club, Choir, Drama, Netball, Gardening Club and many more. Through CCA experience, our students develop their personalities and confidence by participating and acquiring some proficiency in activities that are outside the normal curriculum of the school.

CCA has an effect on the intellectual, physical, social, emotional and moral development of every student that they can carry throughout their lives. CCA also develops body and mind coordination, creativity, ethics, good values, innovation, entertainment, aesthetics and unity.
